Unique Interactive Wine Tasting Reception

Affairs of the Vine will create a unique wine experience highlighting excellent wines that focus on your theme of choice. Your Affairs of the Vine Wine Tasting Adventure will provide “Edutainment” and create an event to be remembered.

The wine adventure can be conducted as a reception only or we can create a wine team building game for your group. Wine tasting stations will be positioned in appropriate locations within your venue; each wine station will be staffed by an Affairs of the Vine educator who will provide tasting information, education and be available for questions. Affairs of the Vine wine educators will invite the guests to taste each of the wines. Our educators will be prepared to discuss each wine including the varietal, appellation and vintage; provide an overall vision of the varietal on a worldwide perspective; and answer questions and “edutain” your guests with wine information including up to the minute harvest information. Affairs of the Vine’s printed educational materials can be customized for your guests. Our expert and congenial staff educate without intimidation.
